INTEGRATED PROVEN COMPONENTS

THER'S CIVE THING WE'RE CERTAIN of, quelity products are built with quelity parts. This's why we use only the highest quality components when we build an IPC company.

Underneath our rugged closes your find a lot of familiar names. We source components from the industry's leading manufacturers including Eupton, Microsoft, You'riba, and of course.

At the heart of every IPC 106 or 466 computer you'll find a world recovered latel conformentifig and also slute compatibility.

Right next door is a PC Chip chip is to designed in Sidcon Valley and insulfactured by Touthin. Every the next the troughest standard in carefully restrict in event the troughest standard in Sidcon And if you're looking for storage, And if you're looking for storage,

To compete in today's market it just doesn't pay to build computers

with whatever parts are cheaped.
Every IPC system we build, from
our low end desidous to our scon
to be announced 496-50 source, is
built with quality proven
components and ingorously testec
business shapping.

Of course, support and service are important too. That's why we offer free depot service across Canada.

s womanty, and full, no-charge d technical support

We couldn't offer all this if we didn't use Integrated Proven Components!
